Washington, DC 20204

Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) Since the 1940's, vitamin E has gained a well-known reputation for supporting muscle function.*
- (2) Research demonstrates that vitamin E decreases anoxia of muscle and capillary fragility.*
- (3) Vitamin E supports capillary permeability, dilates arterioles, and helps support muscle tissues when challenged by free radicals.*

This statement is made for a dietary supplement containing a proprietary blend of bovine orchic extract, inositol, dried pea (vine) juice, ribonucleic acid, oat flour, bovine adrenal, beet (root), bovine spleen, ovine spleen, beet (root) juice, bovine liver, manganese lactate, and ascorbic acid. Other ingredients include honey, selenium yeast, potassium para-aminobenzoate, mixed tocopherols, and arabic gum. The name of the product is Cataplex® E.

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden
Standard Process Inc.
